problems are called "reversals" inna pictures - conflict hasta happen every 15 minutes - about family or geography - or his job or too pretty secretary - or her job or handsome boss -

or maybe 1 of `em is royalty and 1 is a commoner - 1 of `em has too much money - almost never a problem - if he has money - but if he don't n'she does - uh oh - if she has the money - how's he supposed to - ya know - be a man if it's her money - right? a man gets money from a woman - so - even if she thinks it's ok - ya know - ok with her? it ain't a "duet"- a real "duet" - unless maybe he saves her life - or something?
